## READING THE BIBLE

Scripture Reading: 2 Tim. 3:15-17; Psa. 119:9-11, 15, 105, 140, 148

### III. DIFFERENT WAYS TO READ THE BIBLE

#### B. General Reading during the Second Period of Time

A new believer who recently has received the Lord should not engage himself in intense research of the Bible for at least six months because he is not familiar with the Bible as a whole yet. He should rather spend a few months to read through the whole Bible and familiarize himself with it in a general way. After this he can begin serious study of the Bible.

In familiarizing himself with the Bible, he should read the whole book chapter by chapter, consecutively over and over again. The best way is to decide the number of chapters in the Old and the New Testament one wants to read each day. The reading should neither be too fast nor too slow. It should be regular, continuous, and general in nature. George Müller read the Old and New Testament a hundred times during his lifetime. Those who have just received the Lord should learn to read the Bible and remember the number of times they have read through it. It is good to write a letter to notify a more elderly brother the first time you have finished reading through the New Testament. It is also good to leave a blank page in your Bible to record the number of times you have read through it. You should write the date and the place you finished reading it the first time, the second time, and so on. Each time you finish reading it, you should mark down the occasion. Identify clearly whether it is the Old Testament or the New Testament you have read through. I hope that you, like Mr. Müller, can read through the Bible a hundred times during your lifetime. If a person wants to read through the Bible a hundred times, assuming that he lives for fifty years as a Christian, he will have to go through the whole Bible at least twice a year. You can see why you need to spend much time to read the Bible.

The principle of reading the Bible is to go through it chapter by chapter, over and over again. Those who are more advanced in the Lord should pay attention to the way the newly saved ones read their Bibles. Sometimes it does good to examine the dates recorded in their Bibles, to check how many chapters

they read every day, and to find out where they are each week. We should all pay attention to this work and should not slacken. We should remind those who are progressing too slowly, "Half a year has past. How come you have not finished reading the New Testament once yet?"

If a person reads his Bible according to the above way, after some time his knowledge of the Bible will increase. If possible, one should try to memorize one or two verses each day. In the beginning, a person may have to force himself a little to do this. It may come as quite a dull chore. But after some time he will reap the benefit of it.
