Update on Chinese-Speaking Saints

We have also seen the Lord's blessing in the past year. Many brothers have been coordinating to prophesy during the meeting, including giving opening words for the weekly Scripture reading and the message from the morning revival book. Every time the brothers in charge earnestly prepare their message, they are perfected in this way and the saints are richly supplied. Every month, we have blending among middle-age saints and young adults and this has brought in the oneness among the saints, and a willingness to put their shoulders together for the Lord's testimony. We have started two districts during the Lord's Day prophesying time. We ask for the saints to pray for one accord at this crucial moment, for more pillars to carry the Lord's testimony, and for more brothers to participate in the brothers' meeting, being blended with serving brothers of other languages.

Another blessing is that we have resumed the weekly PSRP meeting. In order to let more saints participate, especially those who are working, the meeting is held in every Saturday morning at 10 am. Although we know this is a challenge, we are really encouraged because there are more than 40 saints willing to join this pursuing meeting. We ask for

the Lord to remember and strengthen the saints, that everyone arrive at the full knowledge of the truth.
