### II. CONDITIONS FOR PRAYERS BEING ANSWERED (continued)

#### D. Believing (continued)

#### 3. The Lord's Act—God Has Done (continued)

God has listened to our prayers! God has accomplished everything! If we believe that we have received it, we will receive it. Very often, our faith is a faith that believes in what we will receive. As a result, we never receive anything. We should have the faith that we have already received. Faith is always a matter of "having been done" rather than of "will be done."

Consider a simple illustration. A person has just heard the gospel. If you ask him, "Have you believed in the Lord Jesus?", he may answer, "I have." You may then ask, "Are you saved?" If he says, "I will be saved," you know that he is not saved. Suppose you ask him again, "Do you really believe that you are saved?" If he says, "I will surely be saved," you know that he is still not saved. You may want to ask him again, "Are you really sure that you will be saved?" If he answers, "I think I will," his words do not sound like someone who is saved. If one says, "I will be saved," "I will surely be saved," or "I think I will surely be saved," there is no guarantee that he is saved. If the person says, "I am saved," he has the right tone. Once a man believes, he is saved. Any faith, if it is faith at all, believes in what has been accomplished. For example, once a person possesses faith at the time of his salvation, he immediately says, "Thank God, I have received." Let us lay hold of these three things—God can, God wills, and God has done.

Faith is not a psychological exercise. Faith is receiving God's word and believing with much assurance that God can, God wills, and God has done. If you have not received His word, do not take the spiritual risk of trying to tempt God. The exercise of psychology is not faith. Take illness as an example: All who are healed through genuine faith are not afraid of a medical checkup (Mark 1:44). The result of a medical checkup for those who have experienced a

genuine divine healing will prove that it was a genuine healing rather than something psychological.
